PROFIL

An Information Systems graduate from Nusantara PGRI Kediri University with a strong passion for learning and a high level of motivation to continuously grow. Experienced in data management, administration, basic information technology, hardware maintenance, and network management. Additionally, skilled in video editing for content creation and documentation purposes. Able to work both independently and as part of a team, results-oriented, and quick to learn new things to improve productivity and work efficiency.

EXPERIENCE

Internship at the Department of Housing and Settlement Areas, Kediri City

01 August 2024 – 01 September 2024

- Performed data entry for apartment (rusun) and cemetery payments using Microsoft Excel.
- Managed and organized administrative databases in a structured and systematic manner.
- Developed a simple website for simulating slum area data collection.
- Supported the preparation of administrative reports with accuracy and timeliness.

KPPS – Pemilu and Pilkada 2024

2024

- Conducted vote counting and recapitulation at the polling station (TPS).
- Managed voter administration data and official documents.
- Utilized Microsoft Excel for vote calculation and data validation.
- Entered vote counting results into the Sirekap application.
- Collaborated with team members to ensure the process was accurate and transparent.

Documentation Team – Community Service Program (KKN), Universitas Nusantara PGRI Kediri

2025

- Managed photo and video documentation of activities.
- Took responsibility as the director and editor for the after movie.
- Created storyboards and organized the content production workflow.
- Produced documentation videos as final reports of activities.
